

# National Polytechnic College of Science

LOS ANGELES AND SAN DIEGO

## WHY NPCS?

- Eight-week course
- June 1 to July 25, 2009
- 8 a.m. to 5 p.m.
- Mondays & Wednesdays, plus three Saturdays 6/20, 7/11 and 7/25
- *Prerequisite:* American Heart Association (AHA) Basic Life Support for Healthcare Providers, offered at NPCS on May 16, 2009 for \$65

## Spring into Action with your Emergency Medical Technician (Basic) Certificate

A career of action and saving lives can be yours with an Emergency Medical Technician – Basic Certificate (EMT-B) from National Polytechnic College of Science. EMT students learn to respond to medical and trauma situations, delivering important pre-hospital care. Getting your EMT certificate is also the first step to becoming a firefighter or paramedic, and opens the door to a wide variety of other employment opportunities. Coursework includes ride-along programs with professionals in Emergency Medical Service. One intensive eight-week course fits your busy schedule and allows you to earn your certificate in less time.

## Who Should Enroll?

You will benefit from this program if you:

- Seek good career opportunities in the growing allied health field
- Enjoy helping people in emergency situations
- Desire a job that is fast-paced and challenging
